(*b*) Since there is an Intermediate College at Kolar which is very near to K.G.F., it is not practicable to open another College in the same area at least till the present institution is well established with respect to accommodation and equipment.

Regarding starting of a Technological Institute at K. G. F., in view of the fact that there is already an Occupational Institute at Chintamani which is close to K.G.F., it is considered that there is no need to open a similar Institute at K.G.F.
